

Activity Diagram

Actors / Swimlanes

1. Requester
2. Central Control System
3. Monitoring Services
4. Autonomous Drone

Major Decision Nodes

- Request Valid?
 - Drone Available AND Weather Safe?
 - Battery Below Threshold?
-

Parallel Activities (Fork)

After mission assignment:

Branch 1

- Plan Optimal Flight Path

Branch 2

- Prepare Payload
- Perform System Diagnostics

Both branches join before delivery starts.
